**Anthony Barbetta**  
Principal

Dear Students:

Thomas Edison H.S. has a School Food automated system. The new computerized system provides several benefits:

- Keeps track of all meals, purchases and payments made by you.
- Does not overtly identify Free or Reduced students.
- Cashless lines allow faster service and purchases are automatically deducted from prepaid accounts.
- Eliminates paper rosters and tickets so students can pass more easily through the serving lines. This also means no more standing in line to receive tickets!

All students, free, reduced and paid will use a six digit PIN number in the cafeteria that we will give you. We encourage students to learn these assigned numbers for the first day of school to speed up the serving lines. If you had a Pin number in your previous school, that PIN number will be used at Thomas Edison H.S.

At the POS (Point of Service) you will simply key in your PIN number. Your name and photo will appear on screen for verification and the system will indicate that a meal (or a la carte item) was served and indicate the amount owed or prepayment balance.

If you were paying for your meals in your previous school, please note that at Thomas Edison H.S. **we will not be accepting cash on the service lines.** All prepayments must be made using one of the following methods:

1. **Pre-pay Kiosks:** Money will be deposited in special "myPAL" prepay kiosks located in the cafeteria. These interactive kiosks provide a safe, fun, and modern way for you or your parent to deposit money into your account. Each kiosk accepts prepaid money (\$1, \$5, \$10, \$20 and quarters) and immediately adds to the prepaid balance. Complete Instructions for using the kiosks are indicated on the kiosk screens. **NO CHANGE IS GIVEN!**
  - **A Reduced Meal is .25 cents, which equals \$1.25 per week.**
  - **A Full Paid Meal is \$1.50, which equals \$7.50 per week.**
2. **Online Payment System: MYLunchMoney.com:** [www.MyLunchMoney.com](http://www.MyLunchMoney.com) is an easy, fast, and simple meal payment system. Enrolling and funding is completed online. Once you set up an account, one can check balances, check purchases made, quickly authorize additional payments or establish recurring payments conveniently from your home or office computer. All personal and payment card information is protected by the most advanced internet security. Complete instructions are available at [www.mylunchMoney.com](http://www.mylunchMoney.com)

Sincerely,

  
Anthony Barbetta
